

Instruction Manual
Historiador Gran Premio de Cuba

Historiador

Gran Premio de Cuba

Functions

Hours, minutes, small seconds, tachymeter, telemeter and chronograph

Starting the Watch

If the watch has stopped, a few turns of the crown (pos.1) clockwise are sufficient to restart it. When worn, the natural wrist movement will be sufficient to keep the charge.

Handling and Corrections

- Pull the crown to the point of resistance (position 2) to stop the watch, then rotate the crown counterclockwise to set the time.
- Push button A : Starting and stopping the chronograph.
- Push button B : Reset the chronograph, only after stopping the timing with the push-button A.

Warning

Do not fix the date when the hands are between 09:00 P.M. and 00:30.

Maintenance

To ensure a service that meets the brand's standards, any servicing of your watch must be carried out by Cuervo y Sobrinos customer service or an approved watchmaker. Whenever repairs are made during the warranty period, you must present the proof of warranty, with the date and name of the retailer where the watch was purchased.
